3. Subject of the Agreement

3.1. The Administration grants the User a simple (non-exclusive), revocable license, subject to the limitations set forth in this User Agreement, solely for the User's own non-commercial entertainment purposes. The User agrees not to use the Game for any other purposes.

3.2. This User Agreement is concluded at the moment the User accepts its terms in accordance with Clause 1.3. The actual use of the Game by the User also signifies acceptance of the terms of the User Agreement and is equivalent to entering into a contract. The User undertakes to comply with the terms of the User Agreement from the moment of its conclusion until its termination for any reason provided for in the User Agreement.

3.3. The Administration grants the User the right to obtain additional non-activated data, commands, and the audiovisual representations generated by them exclusively through the Donation Store in exchange for a Fee.

3.4. Payment of the Fee is not a mandatory condition for the User's use of the Game and is made independently and voluntarily at the User's sole discretion.

3.5. The rules of each specific game server are published on the corresponding server's page, along with rules related to specific events, organizations, the procedure for submitting and reviewing complaints, appealing sanctions, etc., applicable to that game server. The User agrees to comply with the game server rules and bears responsibility for any violations. For breaching the rules of the game service, the Administration is entitled to apply liability measures provided in the rules of such game service and in this User Agreement, including blocking the User's Account.

3.6. The User's payments for obtaining non-activated data and commands constitute the purchase of a limited, revocable, non-exclusive license to use the specified elements within the Game. Such payments are not considered donations unless the User explicitly indicates that the payment is made gratuitously and without any reciprocal obligations from the Administration.

4. Registration Procedure. User Account

4.1. The User undergoes registration in order to use the functionality of the Game, after which a User Account is created. The Account represents a set of data necessary for the User to use the Game: User authorization (authentication), access to internal values/items, Virtual Items, Grand Coin balance, statistical indicators, and other similar information.

4.2. By registering, the User agrees that they do not have ownership or any other rights to the Account.

4.3. The Administration shall not be held liable for the intentional or negligent destruction, deletion, or modification of the User's Account, including actions performed by the User themselves, or for any damage, loss of access to the Account, hacking, or any other harm caused to the User's Account.

4.4. In case of violation of the User Agreement, the Administration reserves the right, at its sole discretion, to determine the nature and extent of sanctions imposed on the User's Account, including taking measures to block and/or delete the Account without prior notice to the User.

4.5. The rules and procedure for processing Users' personal data in the Game and on the Website are set forth in the Privacy Policy published on the Administration's Website. The processing of personal data after the acceptance of this User Agreement for the purposes of its execution does not require separate consent.

5. Virtual Items

5.1. All Virtual Items are provided to the User by the Administration under the license specified in Clause 3.1 of this User Agreement. The granting of such a license shall not be interpreted as a transfer of any rights or proprietary interests in relation to the Virtual Items to the User. The license for Virtual Items is granted to the User for the entire duration of the User's Account.

5.2. Virtual Items have no monetary value and may not be sold, transferred, or exchanged for real money or valuable items outside the Game.

5.3. The Administration has the right to modify, delete, move, make unavailable, or temporarily block any Virtual Items at any time, with or without notice, and without any liability to the User.

5.4. The Administration has the right to unilaterally change the cost and availability of Virtual Items offered for sale or acquisition.

5.5. The User agrees that they do not have any ownership or other rights to any Virtual Items, except for the limited rights arising from the fact that a simple (non-exclusive) license has been granted to the User.

5.6. In the event of intentional or negligent destruction, deletion, or modification of the Account by the User or third parties who have gained access to the User's Account, resulting in the loss of the Account and the Virtual Items associated with it, such Virtual Items shall not be restored by the Administration. The Administration is released from any obligations or liability related to the restoration of Virtual Items under this clause of the User Agreement.

5.7. The Administration retains all proprietary and other rights to all Virtual Items. Virtual Items are licensed in accordance with the terms of this User Agreement, none of which shall be interpreted as transferring proprietary interests or any perpetual, permanent, or irrevocable rights to Virtual Items to the User.

5.8. In the event that the User has multiple Accounts, Virtual Items may not be transferred between the User's Accounts.

6. User Support of the Project

6.1. The User has the option to support the Game and other projects of the Administration. By providing support for the Game, the User understands that the donation is voluntary and non-refundable.

6.2. The transfer of funds in support of the project is considered a donation— a contribution that may be used by the Administration to maintain and develop the Game or other projects.

6.3. Donations are voluntary and do not imply any reciprocal obligations from the Administration. However, the Administration reserves the right, at its sole discretion, to provide personal bonuses to Users who have made a donation.

6.4. The User understands and acknowledges that since the purpose of the donation is to support and develop the Game at the current time, as well as to maintain and develop it in the future, providing a report on the use of funds received from a specific User is not possible.

When paying by card, the payment is processed on the bank's authorization page, where the User must enter their card details.

7.3. If the bank card is connected to the 3D-Secure service, the User will automatically be redirected to the page of the issuing bank to complete the authentication procedure. Information about the rules and methods of additional identification must be clarified with the bank that issued the card.

7.4. In-game purchases can be paid for using Visa, Mastercard, or MIR bank cards. To make a purchase, the User is redirected to the Unitpay payment system server, where the necessary information must be entered. When paying by bank card, payment security is guaranteed by the Unitpay processing center.

7.4.1. The Unitpay payment system has a certified PCI DSS compliance certificate covering the storage, processing, and transmission of cardholder data. The PCI DSS security standard is supported by international payment systems, including MasterCard and Visa, Inc. Unitpay also participates in the Compliance Control PCI DSS Compliance Process (P.D.C.P.) program. Confidential data required for payment (card details, registration data, etc.) are not transmitted to the Donation Store—the processing is performed by the Unitpay processing center and is fully protected.

7.5. At their sole discretion, the User may acquire rights to non-activated data and commands provided by the Administration by paying a Fee exclusively through the Donation Store.

7.6. The User acknowledges and confirms that the Game is not a game of chance, a gambling game, a betting service, online bookmaker, casino, contest, wager, or lottery, and does not contain functionality regulated by the Law of the Republic of Kazakhstan "On the Regulation of Activities Related to the Organization and Conduct of Gambling." All elements of the Game are purely for entertainment and do not involve the receipt of real monetary winnings.

7.7. The User's license may be revoked by the Administration in the event of a violation of the User Agreement or the game service rules. If the Account is destroyed, deleted, or modified by the User or third parties who gained access to the User's Account, the license is terminated simultaneously with the destruction, deletion, or modification of the User Account.

7.8. Fee Amount:

The amount of the Fee is determined by the User based on the number of Grand Coins needed, the exchange rate for which is set exclusively by the Administration.

7.8.1. The Administration reserves the right to unilaterally change the current Grand Coin exchange rate at its discretion.

7.8.2. In certain cases, a fee may be charged by the payment method operator in addition to the Fee set by the Administration. The User understands and hereby agrees that when paying via certain payment methods, the final amount paid for the rights to non-activated data and commands may differ from the Fee amount established by Grand Mobile.

7.8.3. By making a payment in the Donation Store, the User agrees that Grand Coin, as the Game's virtual currency, is not subject to reverse conversion into legal tender (real money), withdrawal from the Game, or any other form of transfer. Grand Coins on the User's balance have no value outside of the Developer's Products and may only be used internally within the Developer's Products.

7.9. Payments are made by the User through the supported payment methods determined by the Administration. The list of available payment methods is defined unilaterally by the Administration and is indicated in the Donation Store or elsewhere.

7.10. The User confirms that the purchase of non-activated data, commands, Virtual Items, Grand Coin, and the making of donations is done voluntarily, consciously, and is non-refundable or subject to compensation. The User hereby waives any claims for a refund, except as explicitly provided for under the laws of the Republic of Kazakhstan.
